Spectrum Technology (SFS)

Introduction

Everything around us has its own unique vibrations and frequencies: a bird, a tree, a person, a car, a laptop. Spectrum technology can very accurately register this vibration and transmit it to any other objects.

Spectrum technology ([SFS](#)) is applied on the **Shungite Pyramids**, the **Shungite Pendants**, the **Spectrum Bracelets**, the **Idea SSF Signal** products and **Plant Serotonin**.

For example, we have powder of organic plant, which have serotonin, the information from the serotonin was scanned and amplified on the powder.

Usually, in any tablets or capsules, there are many other components that create side effects due to unnecessary vibrations. Instead, this technology products have 100% accurate vibration, which is why the concentration and activity is much stronger than it would be found in nature and at the same time none of other unnecessary vibrations exist in this product.

5G REZOTONE SHIELD

Introduction

The [5G Rezotone USB Key](#) (henceforth “the unit”) is the result of the most advanced worldwide technology currently available, related to, but not limited to, neutralizing the devastating effects caused by non natural electromagnetic waves, particularly (but not limited to) 5G, for all biological organisms, humans, animals and plants.

The unit is made in 5 stages, where it must pass strict quality control after each stage. The unit includes 85 lifesaving programs, most are patented, to protect you from electromagnetic radiation (EMF), by emitting energy and frequencies to neutralize the harmful effects of this radiation.

The new model, *Rezotone11*, includes new features and 11 more programs.

Resulting from a Russian research of several decades, the 5G Rezotone USB Key makes it possible, thanks to a process of quantum oscillation, to neutralize and re-harmonize the disturbing frequencies arising from the electromagnetic fog induced by all devices made by human beings, such as laptops, cordless phones, Wi-Fi, tablets, etc.

The Rezotone USB device was created in 2011, has a license issued by the Russian government and a patent. A Russian team of scientists has collected data from 3,000 people who have already used Rezotone USB over the past years. Some of these people worked in highly toxic radioactive and electromagnetic hazardous areas. But by using a protective Rezotone USB, it gave them extraordinary positive health results with no side effects from radiation.

 The 5G Rezotone USB Key saves life!

💡 When the unit is used by an individual, gradual changes will be noticed, notably the reduction in fatigue when exposed to WiFi and mobile phone radiation.

💡 No overdose is possible even if the unit remains permanently activated (also when the unit is on your body).

💡 The unit does not block or absorb radiation, but rather restores the coherence of the geometry of the atoms...

💡 Some benefits of using the unit:

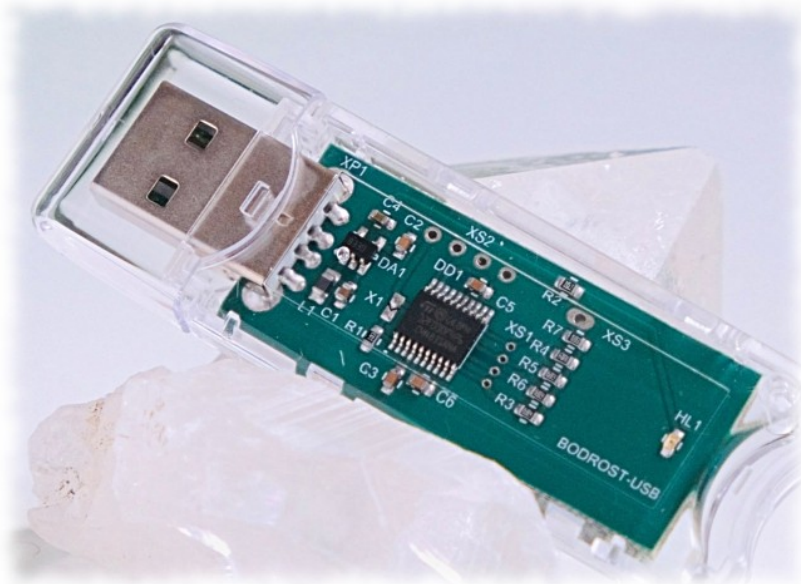

- ✓ Removes harmful radiation influences.
- ✓ Good and longer restful sleep.
- ✓ Cleaning sinuses.
- ✓ Protects from flu, corona virus, and more.
- ✓ Harmony in family and other relationships.
- ✓ Better concentration and motivation to do things.
- ✓ Anti-gravity program.
- ✓ Gasoline saving. (There is also a specific model for cars).
- ✓ Improved performances of the motor and mechanism in the car.
- ✓ Less accidents on the road.
- ✓ Nails and hair are growing stronger and faster.
- ✓ Children are behaving better at home and in school.
- ✓ Removes psychic attacks.
- ✓ Pain relief.

- ✓ Gives extra power and strength to elderly people.
- ✓ Plasticity of the body for activities such as yoga and ballet.

Instructions for use

- a) **Plug the 5G Rezotone USB Key in a 5V electric charger:** A red light of varying intensity will be emitted by the Key, demonstrating its proper functioning. Now the span of the Key is 40m² (up to 5m radius).
- b) **Wear the 5G Rezotone USB Key on yourself:** it is the energy field of the user himself (Human Body Field, HBF) that activates the Key. Now the span of the Key is 1.5m (3m in diameter).
- c) **Plug four 5G Rezotone USB Keys in a 5V electric charger:** get maximum effectiveness when four 5G Rezotone USB Keys are placed in a square, at a maximum of 10 meters apart, inside a habitat, and located at each cardinal point (North; South; East; West).

 First time use: plug the unit to a charger for 20 minutes. Unplug and hold the USB in your hand, lie down for an hour. The mini computer will start a diagnostic and you may feel nice energy which start flowing in your body and meridians, healing will start.

 If necessary, you can carefully insert a small screwdriver or a knife, under the edge of the cap of the unit, to open the cap.

 For a deep and restful sleep plug the unit to a charger (or a mobile phone charger) near the bed's pillow.
In general, it's a good practice to let the body rest during sleep, by turning off WiFi and mobile phones, at night and whilst resting.

 The effect of the Rezotone USB device is felt after few minutes, hours, or even many days, according to individual sensitivity. Please be patient!

Caution

1. Current studies have demonstrated a minimum service life of 9 years, as long as the Key is not exposed to extreme heat or cold conditions, which could affect the quality or function of its components.
2. This device is not intended to diagnose, treat, cure, or prevent any specific disease. If you have any medical problems please refer to your health practitioner.
3. Do not connect the unit to computer, laptop or tablet - because the computer may try to run the encrypted programs continuously.
4. Do not place the unit near high voltage electrical fields, a magnet (such as music speakers), or in a very cold or a very hot place!
5. Do not buy imitations! (See: [DON'T buy this USB Stick](#)).

Photos

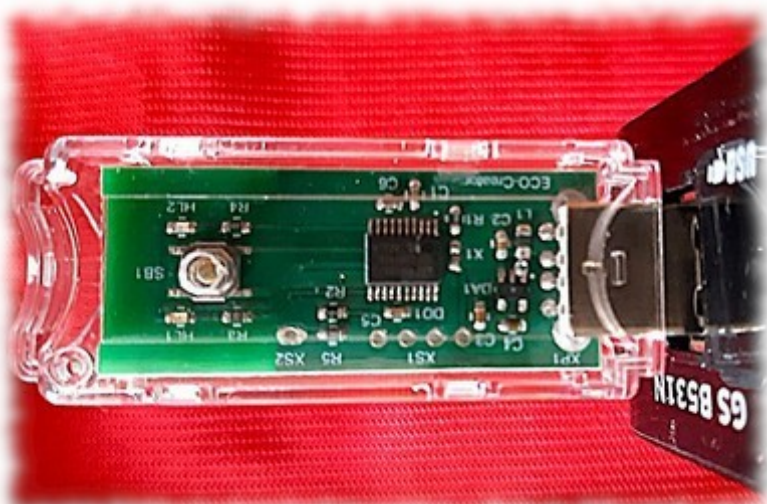

The case has a tiny hole for a string that you can use to hang on your neck. It's better to have direct contact of the unit with the skin.

The unit can be plugged to electric charger continuously (it doesn't get hot).

The unit can also be plugged to a mobile phone portable charger

*5G REZOTONE SHIELD - the new model, May 2021.
(with new features and more options).*

*The unit protects you outdoor by using the heat and energy of
your hands or body (tip - it's better to plug the unit to an
electric charger for 20 minutes before using it outdoor).*

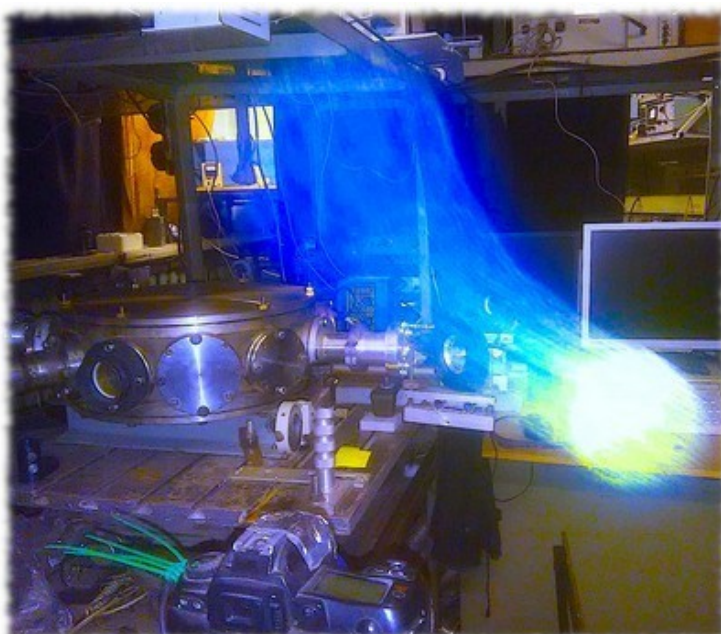

The Key protects a family size house, when plugged into a charger.

The Key protects around the person's own magnetic field when turned off.

SHUNGITE PENDANT

Introduction

Shungite pendant spectrum technology, or the “Flower of life”, is the Rezotone for Kids and Pets, and of course for the adults. Less expensive and less fragile than the USB Rezotone (*yet less powerful*).

The Shungite pendant is a quantum medicine device. With the help of powerful energy systems of singular optics, a phase grid is applied to the front surface, which promotes energy exchange and human adaptation in an environment permeated with harmful electromagnetic influences of communication systems, including the fifth generation of mobile communication, 5G.

With constant wear, it improves the protective and compensatory capabilities of the body. It normalizes the work of organs and systems within the limits of biorhythmological fluctuations. This allows you to achieve a relatively optimal state of the body, in which the endocrine system is characterized by a normal content of insulin, triiodothyronine and cortisol, with a good balance of these hormones.

Studies show that when wearing the pendant, the immune system indicators are mostly within the normal range, which indicates a satisfactory immune resistance of the body.

Design and shape can be varied

Normalization of the endocrine system with the help of a pendant leads to the expansion of the pupils of the eyes. Dutch scientists have shown that the change in the size of the pupils reflects the level of trust in the partner. The results of many studies prove that a certain eye expression affects whether we trust a person or feel sympathy for him. As it turned out, this is important not only in personal contact, but even when we conduct dialogues with partners online.

LIFETIME GUARANTEE.

Instructions for use

The time of wearing the pendant should be increased gradually, over two weeks, starting from 30 minutes a day to several hours a day, or all day. For each person individually.

Listen to your body. Be HEALTHY!

Caution

The protection influence of the pendant can be very strong! It's highly recommended to start wearing the pendant gradually.

People are asking pendants for their cats and dogs... It's best to add this little pendant to the collar of the pets.

Kids can put the pendant in the pocket of the shirt, or in the backpack, or in anything that they are using...

Q LIGHT QUANTUM GENERATOR

Introduction

The [Quantum Generator](#) entered the world market in November 2020. We proudly present this amazing device that creates results beyond that of any other light healing device or therapeutic cold laser existing today.

The Russian patented Quantum Generator consists of a light generation unit with ultra-low-power LEDs and a container of optical material, that accumulates the energy of "life force". The passing light through the container triggers the release of the "life force" energy flow, which is able to fill you with vital energy and tranquility, giving tone to your physical and energy body, balancing and discovering your hidden life energy and life force.

Life energy helps to enjoy life, and life force is the ability to subordinate one's will to gain hope, love, dream, overcome pain and anger. The impact is produced by a much richer spectrum of light and color than the eyes can see. This spectrum is inside every person. This is a much higher frequency of energy than in physical perception, therefore, the effect is not speculative, but visual.

More about Q Light Quantum Generator:

[Get The Energy Of Life Force & heal your body! – Watch video.](#)

Instructions for use

The LED source has a power of 3 watts, a light flux of 250 Lumen. One 1.5 V AA battery ensures the operation of the generator for 8 hours of continuous operation. After the battery life expires, replace it by unscrewing the back cover, which has a yellow button to start the generator. By clicking on the button it will select the operation of the generator in one of three modes:

Mode A - Less bright light

Moderate filling of the "life-force". Treatment of the solar plexus area, venous abnormalities in the legs and thighs. 10 minutes per day of exposure per patient. Suitable for children.

Mode B - Flashing light with a frequency of 14 pulsations per second

Mode B corresponds to the optimal frequency of "alpha rhythms" to normalize the rhythms of brain activity. Treatment of the occipital part of the head for 5 minutes per day of exposure per patient. Mode B is safe and recommended treatment for all internal organs.

Mode C - Brighter light

Increased filling with "life force". 5 minutes per day of exposure per patient. Treatment of painful areas on the body; especially useful for the joints of the legs and arms.

-  Pull the handle of the Q Light for a long term treatment. Push the handle for immediate relief.
-  The patient should drink water before and after a treatment with the quantum generator.

 The quantum generator can be used directly on the skin or through light clothes.

 The quantum generator can be used for emergency relief.

 Effects of the quantum generator:

1. In "blinking" mode, which coincides with the Alpha rhythm of brain activity, normalizes cerebral circulation and metabolic processes in the tissues of the brain.
2. In all operating modes, allowing the energy system ("Qi" or "Prana") of the body to flow freely.
3. In "less bright" mode, cures blood vessels, cellulite, skin problems and more.
4. In "brighter" mode, pain and discomfort in the joints and sections of the spinal column will significantly decrease or disappear.
5. In "blinking" mode, with the eyelids closed, the clarity and contrast of the vision organ's visual perception improves.
6. In safe "blinking" mode, or "less bright" mode, contributes to the normalization of internal organs function (liver, pancreas, etc.).
7. The volume of operational and long-term memory increases.
8. Cleansing and detoxifying the body after the first week of taking a session.
9. Healing from various diseases, from cold to genetic diseases, to mental illness, with dramatic change in life circumstances.

💡 There is a harmonious redistribution of energy from those places where there are muscle and energy blocks. As a result, energy begins to circulate freely throughout the body. "Opening the Chakras."

✘ Caution

1. The use of the generator should not exceed 10 minutes of exposure per patient per day!
2. First treatment should not exceed 1 to 3 minutes, then you may increase the time gradually, according to individual needs and sensitivity.
3. You may treat a patient up to 12 days. If necessary, wait 2 to 4 weeks before starting another session.
4. Do not expose the eyes to the light of the quantum generator! Be careful not to expose the eyes of children or pets to the light!
5. The quantum generator is not a toy. Keep away from children! Keep in a safe place.
6. Never, under any circumstances, attempt to open the container of the optical material generator that accumulates the energy of the "life force".

PLANT SEROTONIN

Introduction

Serotonin is considered one of the main hormones that regulate our mood and perception of the world around us. For some time now, it has been called the hormone of happiness or the hormone of joy.

Being a [neurotransmitter](#), that is, an intermediary substance that transmits electrical impulses between nerve cells, helping to transmit information from one hemisphere of the brain to another, regulates the entire Central nervous system. It affects the vital activity of most brain cells responsible for mood, sexual desire, and increases potency.

If there is a lack of this substance in the blood, a person feels depressed, tired, stressed, and prone to depression.

Studies have shown that a huge number of people in the most able bodied age are already experiencing the consequences of a lack of this wonderful hormone in the body.

When the level of serotonin increases, there is a feeling of euphoria, lightness, increased mental creative activity and physical performance. Nervous disorders go away: depression, anxiety, obsessive fears and bouts of gratuitous anger. The ability to learn and perceive new information increases, and memory improves.

Vegetable serotonin derived from natural plant material - young shoots of **Sea Buckthorn** from Altai mountain.

Thanks to a special patented technology for processing raw materials and micro-grinding, the powder is absorbed by the human body many times more efficiently than serotonin from food.

- 💡 Plant serotonin is not addictive, as it is an analog of our natural serotonin, produced in the body from tryptophan.
- 💡 The effect of serotonin is not limited to the nervous system. This hormone is a precursor of the sleep hormone **melatonin**, and much more. In other words, a sufficiently high level of serotonin is necessary for the normal functioning of almost all major organs and systems.

✔ Instructions for use

It is recommended to take vegetable serotonin in an amount of 1 gram (at the tip of a teaspoon) in the morning, on an empty stomach, 20-30 minutes before breakfast, stirring in ½ cup of water or juice. Gradually increasing the amount of powder to 4 grams (incomplete teaspoon).

When doing sports, heavy physical activity, the number of grams can be increased.

✘ Caution

Do not take vegetable serotonin more than the recommended quantity!

SHUNGITE PYRAMID

Introduction

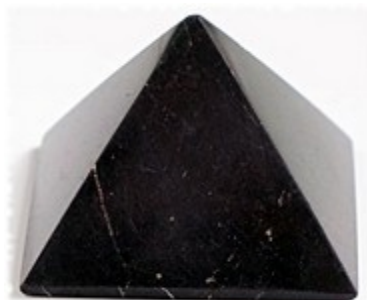

Radically improves the organoleptic properties of products, neutralizes the harmful properties of preservatives and additives, and suppresses the development of harmful microflora. Allergic reactions decrease or disappear. Products are stored longer, unpleasant odors disappear.

You get property recovery

1. **Meat products** - the taste becomes rich. It blocks the action of cholesterol, carcinogenic and genetically modified substances in sausages, smoked meats and canned food.
2. **Fish and seafood** - fish restores its aromatic properties and taste, easier to digest the necessary body proteins, unsaturated fatty acids and trace elements.
3. **Fermented milk products** - in "live" fermented milk products, the activity and viability of lactic acid bacteria increases. The positive effect of products on the immune system and intestinal functionality increases dramatically. The taste of cottage cheese, kefir and yogurt improves.
4. **Fruits and vegetables** - get a taste of freshness. The properties of vitamins and trace elements are activated. Nitrates and chemical treatment agents are neutralized.

5. **Juices, water, soft drinks** - the water at the base of these products restores its natural properties lost during bottling, storage, contact with the metal of factory tanks and pipelines, and plastic bottles. Neutralizes the effect of preservatives and dyes. The taste of drinks becomes bright and natural. Almost equivalent to spring water, this water easily washes out toxins and rejuvenates the body.
6. **Alcoholic beverages** - improves the taste and smell of beverages, blocks the action of toxins, carcinogenic substances, significantly weakens the hangover syndrome.
7. **Confectionery** - the taste of sugar is enhanced. The risk of obesity from cakes and pastries is radically reduced by neutralizing the effects of artificial flavorings on the body.
8. **Inhibits the growth of microorganisms** on the surface of the food product, maintaining its microflora at the required level:
 - a) Preserves the original organoleptic (esophageal, aromatic, etc.) properties of products.
 - b) Significantly increases the shelf life of the product without changing its quality (also outside the refrigerator).
 - c) Protection against contamination.
 - d) Prevention of shrinkage and fogging of the product.
 - e) Improving the quality of the product (maturing in the package, preserving the flavor).

💡 Shungite Pyramid remove toxins from the body as well. For example, if a person has a headache or stomachache, the Shungite Pyramid can be placed on the painful area and the pain will be reduced or gone.

💡 LIFETIME GUARANTEE. ENJOY!

SPECTRUM BRACELET

Introduction

Spectrum bracelet normalizes high and low blood pressure during weather changes.

According to statistics, about 55% of the adult population are depending on the weather. 70% of heart attacks, hypertensive crises and strokes are occurring during magnetic storms.

Symptoms, such as migraines, poor sleep, decreased attention or depression, may appear even with the slightest change in the weather.

People with high or low blood pressure, as well as those suffering from angina or having a heart attack, are sensitive for low air pressure and drizzling rain.

During a sharp change in temperature, heart attacks are more common in those who suffer from lung and kidney diseases.

Rheumatism patients are sensitive for any changes in the weather.

Spectrum bracelet will help to smooth out the manifestations of weather dependence and avoid exacerbation of diseases due to comprehensive health support: stabilizing the blood pressure, strengthening the immune system, removing toxins from the body, improving the quality of sleep and providing recovery.

✓ Instructions for use

A round magnet is placed on each edge of the bracelet. If necessary, turn over the bracelet:

1. For normal and low blood pressure the magnets should be down.
2. For high blood pressure the magnets should be up.

For normal and low blood pressure

Indications for use:

1. Weather dependence.
2. Climate change or time zone change during flights.
3. Increased cholesterol and adrenaline due to temporary weather-dependence.
4. Immunodeficiency.
5. Slagging of the body. *(Usually from harmful food, filled with emulsifiers, preservatives and other chemical additives).*

For high blood pressure

The Spectrum bracelet is useful for normalizing blood pressure during weather changes.

In general, the reason for abnormal blood pressure may come from the liver and the kidneys.

It's necessary to activate the liver area and the kidneys area on the back, by massaging those areas, or by putting something warm or magnets on those areas, or by using the Q Light Quantum Generator. It's important to drink water, regularly, for cleansing the liver and the kidneys from toxins.

QI CREATOR

Introduction

The wisest teachers of mankind of all times and people have taught that the path of health is the path of harmony with nature.

The QI (pronounced "chi", referred to in the fields of Arts, Health, Martial Arts, etc.) Creator is the most striking alternative to the modern medical method of healing, which is rapidly losing its position in the face of new and unimaginable possibilities offered by alternative methods.

QI Creator is designed to help a person to adapt in a rapidly changing technological reality, and this is his main task.

The QI Creator will keep you healthy for many years to come. It is a device designed for personal use in everyday life, at home and at work, to eliminate (or compensate for) any pathogenic factors of artificial or natural origin, and as a result giving you a mental and physical strength and creating additional opportunities in human activities such as sports, science, art, etc.

The QI Creator effects the bio-system by using two types of substances that specifically change the intensity of the body's metabolic processes. These are inhibitors that reduce the intensity and thus slow down the metabolic processes, and catalysts that increase the intensity and speed up the metabolic processes.

Numerous experiments with bacteria, plants, animals, and humans have revealed groups of natural substances that are inhibitors and catalysts of individual functional systems of the body and the entire body as a whole. From these substances, the composition of the catalyst and

inhibitor of the QI Creator were made, designed in the form of plates in a sealed plastic package placed in a book. It contains a movable screens that enable or disable the catalyst and the inhibitor work.

The materials from which the catalyst (dark plate), inhibitor (light plate) and screens are made are environmentally friendly, non-toxic, and safe.

The catalyst stimulates the body's metabolism and increases its resistance to physical exertion and harmful effects of natural and man-made pathogenic factors (magnetic storms, natural magnetic anomalies, bank and transport magnetic cards, electromagnetic fields of mobile phones, computers, televisions, electric motors, electric generators, etc.).

The inhibitor reduces the intensity of metabolic processes in the body, which is expressed in a decrease in nervous excitement, blood pressure, and pulse.

Opinions of experts:

- "...The unique properties of the QI Creator to accelerate and slow down the processes in bio-systems should be used to neutralize the harmful effects of a mobile phone, computer, TV and other devices."
- "...Of course, the inhibitor is not a panacea, but it can do a lot, including lowering blood pressure. Apply the inhibitor and you will feel the result in 5 minutes."

✓ Instructions for use

*Book cover:
"K" (К) side is the catalyst.
"I" (И) side is the inhibitor.*

*Two screens with the letter "E" (Э) and
the inscription "Open" (ОТКРЫТО).*

1. Activating the catalyst (dark plate)

Open the book cover from the "K" (К) side, i.e. the catalyst, turn its screen to the middle of the book and close the book. Then turn the "K" (К) cover towards your body. Now the catalyst begins to have a biophysical effect on you. Turn off the catalyst by returning its screen to its original (shielding) position.

The catalyst is a dark plate

2. Activating the inhibitor (light plate)

Open the book cover from the "I" (И) side, i.e. the inhibitor, turn its screen to the middle of the book and close the book. Then turn the "I" (И) cover towards your body. Now the inhibitor begins to have a biophysical effect on you. Turn off the inhibitor by returning its screen to its original (shielding) position.

The inhibitor is a light plate

3. Non-working position

When the book is closed and the inhibitor and the catalyst are shielded by their screens, the device does not produce any biophysical effects on your body.

Both screens are in the sides of the book with the inscription "Closed" (ЗАКРЫТО) and the book is closed.

4. Simultaneous activation of the catalyst and the inhibitor

For intense stimulation of the body you can activate the catalyst and the inhibitor simultaneously, as described in paragraphs 1 and 2, then (book is closed) place your right hand on the inhibitor, and your left hand on the catalyst, and hold up to 2 to 5 minutes.

Both screens are in the middle of the book with the inscription "Open" (ОТКРЫТО).

- ✘ **Warning:** this method is recommended only for people not suffering from neither hypertension nor hypotension and not prone to sudden changes in blood pressure and heart rate.

- 💡 The active surface of the device is the plate on the side from which the mineral is visible (the side where you removed the shielding screen).
- 💡 The range of the QI Creator is your outstretched arm, but the device will have a greater effect on you if you put it in your pocket or hang it around your neck in a mobile phone case.

Indications for using the catalyst

The catalyst is required for:

- ✔ Hypotension
- ✔ Near-renal insufficiency
- ✔ To relieve depressive states and fatigue
- ✔ To stimulate the body during the recovery period after an illness or surgery
- ✔ Working with electrical appliances
- ✔ When working with a computer
- ✔ Viewing television
- ✔ When talking on a mobile phone and a radio phone
- ✔ When located in pathogenic, man-made and natural areas of origin
- ✔ When doing sports and physical labor
- ✔ When driving a car

Contraindications for using the catalyst

The catalyst is not recommended for:

- ✘ In hypertensive crises
- ✘ At elevated temperatures

Indications for using the inhibitor

The inhibitor is required for:

- ✓ For hypertension
- ✓ For insomnia
- ✓ To relieve physical and mental stress
- ✓ In case of thermal overheating of the body and in areas of hard radiation

Contraindications for using the inhibitor

The inhibitor is not recommended for:

- ✗ Renal insufficiency
- ✗ Under the influence of alcohol and drugs

✗ Caution

1. When using an inhibitor or catalyst for the first time, it is necessary to measure blood pressure and pulse: the first measurement is made before the start and then every 3-5 minutes during the first 15 minutes of the procedure. This will allow you to determine the dynamics of the process of exposing your body to the inhibitor or catalyst and choose the required duration of the procedure.

To begin with, it is advisable to choose a shorter procedure time, in the future you can increase it to the optimal one. During the period of use of the device, it is necessary to periodically take control measurements of blood pressure and pulse.

2. It is strictly contraindicated to use the biophysical device QI Creator simultaneously with drugs, tinctures, teas or additives, that increase or decrease blood pressure, because the inhibitor and catalyst are acting directly on all cells of the body, slowing down or strengthening the metabolic processes of the body, in general, without expanding or narrowing the vessels. While medicines, tinctures, teas, supplements affect only certain functions or systems of the body, narrowing or expanding blood vessels, which is often incompatible.

This can cause an imbalance in the body, and neither the drugs nor the device will have the desired effect. If you still need to drink the medicine, first cover the device with screens and put it away. Give the body 10-15 minutes to stabilize, and then you can take the drugs you need. When the duration of the drug is over (it is indicated in the annotations), you can use the device QI Creator again.

3. We do not recommend using our device for people with a labile nervous system, i.e. those people who have very frequent pressure surges, people with an easily excited nervous system. These people easily react to changes in their thoughts, turning on and off lights, TV, shouting in the street, knocking on the door, etc. When measuring blood pressure, the results for such people will be different all the time. Therefore, it is difficult for them to choose a plate, but you can still recommend using the inhibitor.
4. The device QI Creator should not be used simultaneously with the intake of alcoholic beverages or strong medicines (including narcotic drugs). At the same time, the use of the device does not exclude the use of medicinal, biologically active and physiotherapeutic agents of general strengthening action.
5. If you experience any unpleasant sensations while using the device QI Creator, the procedure should be interrupted and understand their cause. This can be either an overdose or an incorrect choice of the device plate.

6. The device loses its properties when the polymer shell of the plates is depressurized and moisturized, and when dust and dirt get on them.

QI Creator is designed to help a person to adapt in a rapidly changing technological reality, and this is his main task.

DEWDROP-GOURMET

Introduction

DEWDROP-GOURMET prepares high quality drinking water for assimilation by the body without unnecessary energy costs.

The device performs water purification, restoration of the water structure, activation and restoration of the natural properties of water, to parameters similar to Epiphany spring water with the function of improving the taste and aroma of beverages and food.

The biological properties of water prepared on the DEWDROP are as close as possible to the properties of intracellular water of living organisms. This water does not contain negative information, cleanses the body, which makes it especially valuable for maintaining and strengthening health.

Water that has stood on the DEWDROP for at least 2 minutes becomes fertile for all living things. It carries more oxygen to the body, reduces cholesterol in the blood and cleanses the blood arteries, improves digestive functions, regulates the acidity of the stomach, triggers tissue regeneration, promotes the elimination of toxins from the body, supports the immune system, cleanses the intestines, activates and normalizes the kidneys, helps in the treatment of inflammation of the oral mucosa, increases life expectancy.

Taking structured water is perfectly combined with all the usual types of therapy, making therapeutic effects more effective, and medicines and dietary supplements more safe and effective, due to the cleansing properties and bioavailability of structured water.

The device neutralizes the action of all inorganic substances, making it less aggressive to all biological organisms. It is made of environmentally friendly materials (wood), inside of which there are two devices-chips.

The first, a composite chip, is made by IP Panova T. Yu. on the basis of the patent of A. F. Panov No2161997 of December 22, 1999.

By simply consuming the water transformed by the device, you are "loading" the information of the natural norm into the human energy field, and allow the body to self-repair loss with age or disease.

The second chip is based on patent No58418 with the program B1 (TASTE AND AROMA). This program is designed to give an optimal taste qualities and a pleasant aroma, especially to wine and other beverages. The taste becomes softer, more pleasant, emphasized, and gets more saturated aroma. In strong alcoholic beverages, the amount of fusel oils is reduced and your head will be fresh in the morning.

The taste of food products, even with minimal amount of water, gets better as well - more delicious soups and borscht, cold meats, pastries, cakes, etc. Food will be tastier and safer for the body.

The technologies used for the DEWDROP are unique and have no analogues.

Within a radius of about 2 meters or more, a biocomfort zone is formed around the device for humans, animals and plants, in which the rate of reproduction of microbes and fungi is reduced, as well as the impact of electromagnetic smog on living organisms is reduced.

A series of wooden water structuring stands is available for specific and additional purposes, including:

1. **MiG** - quickly structuring and cleaning water and drinks.
2. **Cleansing** - body cleansing, against calcification and stones.
3. **Basis of healing** - healing the body, the basis for recovery, antivirus.
4. **Nice dream** - sleeping as in my childhood, faster sleep.
5. **Power of memory** - power of memory and recall information.
6. **Slim** - improve metabolism.
7. **Taste** - improve the taste, aroma, and quality of products.
8. **Harmony** - for harmony.
9. **Calm** - for emotional people. (*maximum 2-3 cups for a day*).
10. **Anti-diabetes** - in 2020 we sent to Australia with best results.

The size of the wooden stands can be varied.

✓ Instructions for use

The instructions for all wooden water structuring stands are similar:

- ✓ Place a glass or another vessel of water from 100 to 1000 ml on the stand, for 3 to 5 minutes, then you can drink according to the needs of the body.
- ✓ Structuring of water, drinks and hot dishes can be made in any dish, including bottles, bags (juices, milk), cups, jugs and pots made of any material, such as glass, metal, plastic, ceramics, etc.
- ✓ Just put the stand in the kitchen and "pass" through it everything you want to eat or use: food, alcohol, cigarettes, cosmetics.
- ✓ No power supplies or replacement devices required.
- ✓ When you drink the water, the best effect on your body can be achieved by saying the words to activate the specific program (aloud or to yourself). For example, if you drink from the "*Basis of healing*" structurizer say: "I activate the *Basis of healing* program in the best way".

- 💡 The water which are structured by the device not only gives a wonderful taste to tea, coffee, and fruit drinks, with such water, masks and decoctions work many times more actively.

When watering with such water, the area of plant leaves increases even without fertilizing, and the disease-resistance of plants increases.

- 💡 It's recommended to filter the water before using the DEWDROP.

TULIP CARD

Introduction

The Information Matrix Protection (IMZ) Tulip Card has an active biophysical and beneficial effect on the body. It increases the bioenergetics of the body, strengthens human health and its psycho-emotional status.

The IMZ Cards were developed by a group of scientists from various universities and laboratories in Moscow.

On the IMZ Card a special matrix structure information of healthy human organs and cells is recorded (the "health matrix"), by means of a special multi-stage energy-information recording, using unique equipment that was made by the latest achievements of Russian science.

Additionally, the IMZ Card is made using a technology of writing special programs (15 to 20 programs) with spatial information geometry to the entire volume of the IMZ map.

The matrix information of healthy cells is the sum of harmonic electromagnetic oscillations, well studied by our and foreign science.

The positive energy of the cells is amplified and reflected by a system of numerous micro-antennas back into the body, thus have a beneficial effect on the entire body as a whole.

Instructions for use

1. **The IMZ Card can be applied to various organs:**

How much time to keep the IMZ Card near various organs and parts of the body is selected individually according to the sensations (or with the help of a bio-location frame or a pendulum).

▶ Attention: at the first sign of discomfort, remove the card from the body and take a break for 12 hours.

2. **You can also drink water from the IMZ Card:**

On the IMZ Card put a vessel with water (from any material except metal), for a time of more than 1 hour.

Structured water from the IMZ Card normalizes blood pressure in hypertension, improves the functioning of the entire body and helps to get rid of various health disorders.

▶ Attention! You may drink no more than 30-50 grams of water from the IMZ Card, 2-3 times a day, before meals in slow sips, holding in the mouth for 15-20 seconds.

The Information Matrix Protection (IMZ) Card is carried in your chest pocket or any other pocket!

The IMZ card is a printed plastic card. It lacks Chips and radiating devices. It provides an instant pain relief when applied to an organ.

Scientific studies conducted in Russia and other countries have reliably established that coherent electromagnetic radiation has a positive effect on the body.

WATER FILTER

Introduction

The Rezotone Water Filter has received the silver medal at the International competition in Brussels. (The gold medal was awarded for a huge filter which worked by electricity). It's handheld, around the same size as the Q Light Quantum Generator, and you can carry it with you during your trips.

The Rezotone Water Filter includes one of 2 information programs:

1. Anti Stress.
2. Slim (for losing weight).

The Rezotone Water Filter removes toxic fluoride as well.

The Water Filter looks like the Q Light Quantum Generator, but it's a completely different product...

✓ Instructions for use

1. Install a new filter cartridge in the water filter (it's easy).
2. To activate the new filter for the first time: place the water filter under a tap, fully open the tap and allow the water to flow through the water filter for a minute or two.
3. Now you can use the water filter: place the water filter on a glass or a glass jar and pour water through the filter.

- 💡 A new filter cartridge will keep working efficiently for 2-3 years.

TESTIMONIALS

Hello Julia,

We wanted to thank you for the Q-Light. The effects are brilliant. With everything we both have wrong with us - it offers relief and increased awareness. At first, I feel heat in the area the light is above. Then relief - as if things are moving and flowing correctly. We would not be here today without the USB's and now the Q-light. We trust you 100% plus. My friend who is a spiritual healer tried it - she could not believe the energy she had. She is trying to save some money to try and purchase (after one go :-)).

Love and light

Dear Julia,

70-80 years old woman, her name Rachel. She could not feel her legs, from knee to fingers, for many years. Her legs were frozen. After 3 minutes Q light - she felt warm all over her legs, and immediately she could feel her legs. Also, she could not see clear for many years, after 3 minutes only for the pineal gland, the 'fog' in her eyes disappeared. Also, after 3 minutes only in the back-neck, all the pain in her neck disappeared. And now she can also feel her hands again (she could not feel her hands-fingers).

I was very amazed - but she is more amazed than me.

She is very sick - but I will cure her with Qlight.

Thank you!

GOD BLESS these scientists.

Julia,

I already use the Q light (and 5gRezotone) with other people, and immediately after first treatment the results are amazing. I will continue, I've never seen so powerful cure before. I wanted to say THANK YOU ANGEL FROM ALL OF MY HEART. I PRAY TO GOD TO PROTECT YOU AND EVERYTHING THAT YOU ARE DOING.

A few days ago 2 people tried the Q light GENERATOR in London. One person tried the generator in, 'FLASH LIGHT MODE'. After he passed the generator one time over his pineal gland area for 5 min, he started to see all in the room with his eyes closed !!!! There were 4 people present... From a ONE TIME use, with closed eyes he was able to describe to people were and what was in the room, and what they changed or was being done... Such a remarkable and fast result using the Q light generator over the pineal

gland.

Hello Rezotone team,
Thank you very much for the USB REZOTONE shield. I am using it and have noticed a TREMENDOUS difference already. Thank you for all you do and to everyone at your company who has made this possible. For the time being I can conclude, having used it for a couple of days, that this has life-changing potential. Have a great day, week and i hope that many more people find your work and reap its benefits!
Kindest regards, Alex

When I first received the Q light I was going through a tough time with my family and words were often heated. I was feeling very isolated. However as I began to use the light, my light turned up and I started to co-exist in a different reality. We all stopped arguing, the topics never came up again, my energy improved, my outlook stays positive, I honestly feel like I am glowing with vital health. My regular feeling is joyful. I wake in contentment and immensely happy with my lot. The product itself is very robust and made with strong material. My nieces love to play with it in their energy fields. This is one my happiest purchases, has made a huge difference in my well being.
Thank you creators xx

Hey Julia,
I have never been able to extend and straighten my right leg. The knee joint would not fully extend after an accident when I was a teenager. My right leg has always been approx 9 degrees off from being straight. Over the last few months I have been using the Q-Light to help reduce the pain in my left knee. The pain has reduced. But do you know what else?
Now my right leg is able to fully extend !!!! This is unbelievable :-)!
When I sit and stretch my legs, the back of my right kneecap hadn't touched the ground for years.
Last week it touched the ground. Now my knee fully extends. It is totally unexpected and amazing.

The Spectrum Bracelet is great! It works immediately, in 5-10 seconds. I sleep with it as well. 24 hours a day. Makes you feel more relaxed, Thank You!!

I am Korean. If anyone knows what is "Kimchi" which is basic food in Korea. So even though I live abroad I can't live without Kimchi. So I make one of the kind of Kimchi from radish. And It makes terrible(?) smell whenever I open the fridge. But I couldn't give up to make and eat. Now I have pyramid . Thank God I have Pyramid. Now I don't suffer from bad smell from the fridge. Thank you all.

Dear Julia,
Just to let you know that I LOVE the water filter! The water really does taste delicious (ie it doesn't taste of anything!) and it is so small and easy to use and carry around so that you can have an instant supply of lovely water wherever you are!
Thank you for sharing another amazing product with your rezotone customers... products to help us all stay healthy...buying a rezotone last year is one of the best things I've done...thank you!
Thanks Julia! Lots of love,
Lynn, UK xxxx

I have drunk water only from this water filter since 2008. It is easy to change, to put in a new filter cartridge. In 2012 I did trials with 17 people in Australia and each of them was very surprised how much purer the Rezotone filtered water tasted compared to normal tap water. Since, all of them are using our water filter and all their friends! After using our filtered water they became aware of the impurities which they had not noticed before, including heavy fluoride...
